School / Parent / Student Compact During Short Term and Long Term Distance Learning

As a school, we will:

1. Provide a consistent and reliable schedule.
2. Communicate with students only during allocated class time and office hours.
3. Return emails by the next business day.
4. Support students' social emotional needs, connections and relationships.
5. Provide the most rigorous curriculum and instruction possible.

As a parent, I will:

1. Do everything I can to get my child online, on time every day. Attendance counts!
2. Express my support of my child's participation in distance learning. I will give my child no option other than school - no games, no sleeping in -- we are back in school.
3. Communicate directly with teachers.
4. Ask questions. If I need accommodations, I will ask.

As a student, I will:

1. Create a "classroom" in my home that is appropriate and free from distractions.
2. Follow the Zoom Class Rules.
3. Put my electronic devices away during instruction.
4. Be present and engaged in my Zoom sessions with teachers and peers.
5. Communicate all questions with my teachers.
6. Use teachers' office hours after lunch to get support on things I don't understand.
